Features of Scan-it® by ProfitTrax:

Technical Overview: Scan-it® is a module of the ProfitTrax Augmented Intelligence System / Solution. A mobile Android app that operates on or off-line to scan barcodes for multiple purposes. Works with retailer owned Zebra TC20, TC52 or similar devices and Zebra belt printers for printing barcode price reduction / markdown labels. Scan-it works with barcodes or QR code images. Scan-it wirelessly communicates vital data points to your ProfitTrax System for analysis and resolution constructs.

Ordering: Use Scan-it to Order Center Store, Fresh Items, approved 3rd Party Suppliers and Supply items. Designed to be fast to learn and easy to use, Scan-it streamlines workflow, saves users time and allows Order Blocking when submitting Wholesaler Orders. Scan-it can automatically submit 'short-on-delivery' credit claims saving hundreds of labor hours each year.

Computer Assisted Ordering: Optimize Inventory Turns and Variety. Call for details.

Scanning of Known Loss, OOS, Reclaims and more: Scan-out Known Shrink Loss to see shrink loss impact on Gross Margins in all departments and the corrective alert direction from ProfitTrax AI. Simplify scanning of OOS, submission of DSD and Reclaim, Credit requests. Use ProfitTrax proprietary Augmented Intelligence to determine your missed sales. All scans are automatically sent to ProfitTrax for analysis and reconciliation.

Price Reduction and Promotional Markdowns: Use Scan-it to reduce the price of the excess inventory, slow-moving or close coded items in any department of the store. Quickly produce a Markdown barcode price label *on the spot* with compatible belt printers. No solution is faster or more productive than Scan-it.

Conduct Inventories, Date Check, and Variety Audits: Conduct Cycle Counts (a.k.a. SKU Audits) to support inventory/category management, perpetual inventory and CAO solutions, assure date-check/rotation compliance, and help to assure proper variety and display presentations.

Scan-it is Fast, Easy to Use and Simply Better, Faster and Smarter.
